

ADDISON  
RESERVE  
COUNTRY CLUB

## From Our Members

"Addison Reserve was an easy choice because of the belief in the culture, facilities, management, and sense of community. Addison is truly a unique place to call home--- unquestionably the right decision. "

## WHY ADDISON?

### *Location - Facilities - Culture*

"After careful consideration we chose to buy, renovate, live and work in Addison Reserve because of the location, facilities, the incredible culture and people, beauty of the grounds, and the commitment to excellence by Mike McCarthy and the Board. The Lifestyle Complex and the renovation plan for the clubhouse proved to us that Addison is committed to keeping the club vibrant and exclusive for years to come. "

## LIFESTYLE

### *Private Club Paradise*

"The Lifestyle Complex has been a "game-changer" for our family and a big reason why we chose Addison Reserve as our home. The spa, gym, tennis facilities, new pool, and of course, the Grill, has absolutely enhanced our lives. Our family loves the Lifestyle Complex and we are so proud to call Addison Reserve our home! "

## FOR YOUR FAMILY

### *Community Enhanced*

"We chose Addison Reserve after looking and living in other clubs in the area. We were drawn to the community and to the Club that provides a strong sense of community and fosters a family environment. The size of the community lends itself perfectly to privacy, yet the amenities offered are those that rival any resort or larger club.

Management and staff are first class, treat my wife and I like royalty, and most importantly are great with our two children. Our son participates in golf lessons and both our children are thrilled to have made their "lifelong friends." They spend a lot of time with their friends at the new Lifestyle Complex, which has enhanced the club a great deal. As parents, we can enjoy sitting by the pool or by a fire pit in the evening and still see the children as they play in the green space or either of the pools.

The exclusiveness of the club is important to us and our entire family enjoys each day at Addison! "
